

All Events can be viewed by visiting our site at www.csrlg.com & www.photorelect.com with a password. This makes it possible for easy viewing and ordering for distant family and friends for 60 days.

Our direct customers can schedule an appointment to view, order and finalize your total wedding package in person.

You may also receive a low resolution cd of all the pictures with a reprint price list and order form. This is how we keep your cost down!

We enjoy the pleasure of working with nice people and the feeling from a job well done! What separates us from the competition is when we serve you "It is as unto the Lord." Now who would not go the extra mile if we knew it was the Lord that we were serving." We like going the extra mile for our customers for we love what we do. We would be pleased if you considered us for Photography for all your Occasions & Faith Based Events. God Bless

**My Theme is:
Are We Having Fun Yet?**

"ARE WE HAVING FUN YET!"

Let's see lights camera, action, oh and subjects Photography should be a fun event for all. Good photographs can tell a never-ending-story about the Seasons of our lives. Seasons changes in between Springs , Summers, Winters of our lives

Our Joy and sorrows express whether we are happy or sad.. Clients should have fun while taking photographs after all your creating memories that you and other want to remember. We realize recording those precious slices of time right the first time for later viewing is very important. We try ease the stress of taking photographs by constant training, using high

quality equipment, using high quality equipment, and regular equipment maintenance.

Remember we are there to record your wedding the most important party of your life! Photographing your wedding should be fun for all including the photographer provided everyone doing their doing their jobs by working together.

Digital photography allows for real time corrections. Every effort is taken to make your event a success by providing custom-

Digital or Film our prints maintain very high quality. Film requires a more conservative approach and more photographs are by request. Digital photography allows us to take unlimited amount of photographs.
